ENVIRONMENTAL LOFTS

1201 Dundas St. East, Toronto

A collection of modern residential and commercial lofts at the corner of Dundas Street and Carlaw Avenue. This 11-storey building with glass and black brick exterior is the second phase of Work Lofts constructed in the area. This building follows the same design concept as the Work Lofts, rising in the skyline with glass panels and black brick façade.

Building Type: Mixed-Use Condominium
Client: Lamb Development Corp.
Architect: CORE Architects Inc.
Project Manager: Ali Kafael
No. of Units: 97 Live/Work, 13 Commercial
No. of Storeys: 11
Total GFA: 93,000 sq.ft.
